Exam + Treatment Tables

Benefits:

Our Exam + Treatment Tables are perfect if you're looking for ample working space and high quality cabinetry that stands the test of time. Choose your storage arrangement, table top material, even which side has space for your knees. Cause why build your room around your table when you can build the table around the room?

Features:

- Exam tops can be either 46" or 60" long, both are 36" high and 25" wide.
- Three storage options: six drawers, two doors, or one door and three drawers.
- Standard colors are Stainless Steel, white or almond.
- Optional Wilson Art® or Formica® colors are available at additional cost and longer lead time.
- Optional pull-out shelf available for models with doors.
- Table tops come in either Stainless Steel or black laminate.
