

PURELINE® M6000

All the best features are combined—an O2 concentrator to save money and deluxe anesthesia machine on a sturdy cart.

Pureline® M6000

Benefits:

Built specifically for veterinary use, Pureline® M6000 Anesthesia Machine with O2 Concentrator is FDA approved, UL listed and backed by a full 10-year warranty on the anesthesia machine and a 3-year warranty on the O2 concentrator.

Features:

- Includes patented pressure relief valve to ensure pet safety.
- 0-4 l/pm precision flow meter.
- Audible and illuminated safety alerts.
- Easy on/off controls are large and easily accessible.
- Quiet 40-dBA operation.
- Valves are simple, durable and maintenance-free.
- Heavy-duty shelf holds all monitor types safely and securely.
- Same features as OC6000.
- Uses standard “E” Tank for backup and oxygen flush.
- Adult, pediatric and non-rebreathing circuits included.
- Heavy-duty rebreathing bags included.
- Sturdy chassis and low center of gravity for extreme stability.
- Made in the USA with state-of-the-art manufacturing.
- Vaporizer sold separately.
