

REAR GROOMING ARM

Strongest Grooming Arm in the Industry!

Our Grooming Table line just got stronger with the addition of the Rear Grooming Arm. Give yourself some extra control by adding on a Rear Grooming Arm or ordering a New Big Top™ or Elite Grooming Table with the Rear Grooming Arm.

REAR GROOMING ARM

Benefits:

What better way to provide extra security with wiggly dogs than with the strength of Shor-Line Stainless Steel? Retrofit with this incredibly durable arm or add it onto your next Shor-Line Grooming Table order.

Features:

- Attaches to the frame beneath the table for extra security. (Arm is in a fixed position.)
- Made of durable, 11-gauge Stainless Steel.
- Features 1"-square tube for strength and durability.
- The arm locks in any vertical position from 22" and 39".
- Top part of the arm has six openings for positioning the loop.
- Silicone ball at the end of the arm protects pets and prevents floor damage.

Order based on which Shor-Line Grooming Table you want to use it with.
